PROFILE

Dedicated software engineer who enjoys solving problems and building reliable, impactful solutions. Focused on creating clean, maintainable software while continuously learning, improving skills, and contributing to meaningful projects.

SKILLS

Software Development & Programming: Python, JavaScript , React.js, Node.js, Express.js, and RESTful APIs.

Cloud & DevOps: AWS, Git/GitHub, CI/CD (GitHub Actions), testing (Jest).

Databases & System Design: MongoDB, MySQL.

Internships & Training

Web Development Training – Internshala

Sep 2023-Oct 2023

- Developed and deployed a full-stack web application with integrated frontend and backend using React.js, Node.js, and Express.js.
- Designed responsive UIs and implemented RESTful APIs, managing data with MongoDB and MySQL.
- Utilized Git/GitHub for version control and completed hands-on training in HTML, CSS, JavaScript, React, Node.js, MongoDB, and MySQL.

EDUCATION

Amity University Rajasthan Bachelor of Science in
Computer Science; CGPA: 7.2/10

Jaipur, Rajasthan
Aug 2021-May 2025

St. Paul's Senior Secondary School Class XII;
Percentage: 72.40% Sep. 2019–June 2020

Sikar, Rajasthan
Aug 2019-May 2020

PROJECTS

CV Wizard – Online Resume Builder

React, Node.js, Express.js, MongoDB, CSS

- Built a full-stack web application that allows users to create and customize professional resumes in real time
- Designed responsive and interactive UI using React with custom components for forms and live preview
- Developed RESTful APIs using Node.js and Express.js to handle user data and resume templates Integrated
- MongoDB for secure and scalable data storage of user profiles and resumes Implemented features like user
- authentication, resume export to PDF, and mobile-first design

Personal Portfolio Website

HTML, CSS, JavaScript, React

- Developed a responsive personal portfolio website using React to showcase projects, skills, and contact information.
- Implemented mobile-friendly layouts with CSS Flexbox and media queries for seamless multi-device viewing.
- Added interactive components including project galleries, animations, and a functional contact form.
- Deployed the site via Vercel with GitHub integration for continuous updates and version control.

DSA & Open Source

Strengthened problem-solving skills by practicing data structures and algorithms on platforms like LeetCode and GeeksforGeeks (Arrays, Linked Lists, Trees, Dynamic Programming).

Contributed to open-source React projects on GitHub by adding features, fixing bugs, and improving code quality.

Created pull requests and followed branching strategies (feature/develop) for collaborative development.

CERTIFICATION

IBM Certification – MERN Stack Backend Development

Internshala – Web Development Training Military Training

Camp Certificate – Completed foundational training in discipline, leadership, and teamwork under a certified military camp program
